Where will your trip end?			$

Total cost of point-to-point tickets $_____

(Use this number to estimate if point-to-point tickets would be cheaper than buying a pass)

How many countries will you be visiting? _____

(Use this number to help you decide between a Global pass, a Select pass, a Regional pass or a one country pass)

How many days are "Travel Days" or, how many days will you be on the move? _____

(Use this number to help you decide how many "flexi" days your pass should have or if a consecutive day pass is better)

Will someone else be traveling with you on each leg of your trip? _____

(If yes, then you should look into a "Saver" pass)
